

## CONTRACTOR PERMISSION

Chetco River Resort requires that all cabin owners comply with their individual Space Rental Agreements which describe that any work they hire out to be done to the premises shall be performed by a licensed, bonded and insured contractor with a bond and insurance amount acceptable to the resort. Lessor's written approval must be obtained prior to any work on the premises being performed.

To that end we will require this form be signed and returned with a copy of the contractor's license, bond and insurance PRIOR to any work being done.

All work must be completed in a workmanship like manner and in compliance with all building codes and other applicable laws.

The contractor agrees that they are adequately insured for injury to their employees and any others incurring loss or injury as a result of their acts or of their employees and/or subcontractors.

The contractor agrees to remove any and all debris from the landscaping around the premises.

The contractor agrees not to damage any of the landscaping in any way.

If there is any damage to the landscaping or if the Resort has to clean up after the contractor the Resort will bill the cabin owner the responsible party under the rental agreement. It will then be up to the cabin owner to resolve with the contractor.
